

## **2024 Call for AEE Ireland Officers Nominations**

Learning from feedback at AEE Ireland Chapter AGM 2023 in March 2023 at Tullamore, as President I am making it known where are the upcoming officer vacancies for 2024

As President I will be stepping down (if members accept) opening up this role for a practicing member i.e. one who works in energy management and is a paid up member of AEE Centre and AEE Ireland chapter.

Paul Boylan will be stepping down as treasurer. Other board members Rayan (secretary) and Ronan (events) will continue in role, always assuming re-election - they may also go for either of the above roles.

Nominations will open in Jan'24 as per usual and we have taken steps to publish the Chapter Rules at [aee.ie/bye-laws](http://aee.ie/bye-laws), as you must sign up to these upon election as an Officer of the AEE Ireland Chapter Board.

We look forward to meeting you all at SETU on the 14<sup>th</sup> September. Suggestions for break-out groups, sectoral approaches and social events are welcome.

Lastly the AEE Centre officer nominations are also open see email from AEE Centre below. For clarity our nominations will open in Jan'24 per normal, but discussion and enquiries are welcome in the meantime. In this instance canvassing is encouraged and we current board members look forward to your questions, we hope to leave the organisation well placed and resourced for growth now that we are over the last of the COVID restrictions both national and corporate.

For any comments/questions please email: [board@aee.ie](mailto:board@aee.ie)
